TERMS AND CONDITIONS OF SALE

MILLERS FALLS TOOLS SINCE 1868 ®

PORTABLE ELECTRIC TOOLS

Discount Code System found on consumer net price sheet: items marked □ have 30/20% discount, items marked ○ have 50% discount, items not marked have 30% discount. All electric drill chucks and chuck keys have 25% discount except those marked □.

Prices

All prices are F.O.B. Factory and subject to change without notice. Orders are accepted only on the basis that they will be shipped at prices in effect at the time of shipment. Resale and list prices in this schedule are suggested prices only; as Millers Falls in no way intends to dictate to the Trade handling its products as to what prices they may charge on the resale thereof.

Terms

Thirty days net or 2% for cash if paid on or before the 10th of the following month from date of invoice.

Delivery

Title to the products sold hereunder shall pass upon delivery to the carrier at point of shipment. Freight will be prepaid (or allowed at our option) on shipments of 100 pounds or more of Portable Electric Tools to any point in Continental United States or Canada via the lowest routing by either rail or motor truck. Excess cost for specified routings will be charged to the customer. Transportation cost will not be prepaid or allowed via parcel post, express or for shipments less than the 100 pounds minimum weight.

Time of Delivery

We shall not be liable for failure or delay in delivery due to acts of God, differences with employees, fire, flood or other casualty, governmental regulations, shortages or failure of raw materials, supplies, fuel, power or transportation, breakdown of equipment, or any causes beyond our reasonable control, whether of similar or dissimilar nature than those enumerated.

Service from Warehouses

Warehouse stocks are maintained in Linden, New Jersey; Chicago, Illinois; Los Angeles, California; Dallas, Texas; and Cleveland, Ohio. Shipments from these stocks are subject to a very reasonable service charge. This charge will be quoted on request.

Warranty

Portable Electric Tools sold under the Millers Falls name are warranted free from imperfections and defects in material or workmanship. Our obligation under this warranty is expressly limited to the following: If any tool proves to be imperfect or defective under conditions of normal use, we agree to repair or replace the tool, if immediately returned to our factory at Greenfield, Massachusetts, or to an authorized service station, transportation charges prepaid. Under no circumstances, however, do we assume responsibility for breakage where flaws do not appear or for tools which have suffered from abusive treatment or which have been stamped with the owner's name, changed or experimented upon. No dealer is authorized to make replacements for us. This warranty is made in lieu of all other warranties, expressed or implied, and all other obligations on our part. We neither assume nor authorize any agent or other person to assume for us any further liability in connection with the sale of our tools.

Returned Goods

No goods are to be returned to us without authorization from our Sales Department at Greenfield, Massachusetts; if return is authorized, transportation charges are to be prepaid. We shall not be responsible for any goods returned to us without our authorization. Distributors must have permission for the return from the Sales Department at Greenfield. We must be advised of distributor's order number and date against which the goods were purchased. This is important in determining the credit to be allowed. We will not allow goods to be returned after one year from date of purchase. The goods must be in new saleable condition. If necessary to rebox or refinish in anyway — at least a 10% handling charge will be taken from the credit issued. We cannot accept the return of discontinued goods.

Taxes

If, under any law now or hereafter passed, we are required to pay or to collect a tax on sales, a use tax or an excise tax, the amount thereof will be added to the price.

General

All orders are accepted and all sales are made only on the terms and conditions of this price list, regardless of any terms or conditions which may be included in any request for quotations or in any order submitted by the buyer.

NOTE: 5% SERVICE CHARGE WILL BE ADDED TO ITEMS SHIPPED OR ORDERED IN LESS THAN STANDARD PACKAGED QUANTITIES

TERMS AND CONDITIONS OF SALE

PORTABLE ELECTRIC TOOLS

Prices

All prices are F.O.B. Factory and subject to change without notice. Orders are accepted only on the basis that they will be shipped at prices in effect at the time of shipment. Resale and list prices in this schedule are suggested prices only; as Millers Falls in no way intends to dictate to the Trade handling its products as to what prices they may charge on the resale thereof.

Terms

Thirty days net or 2% for cash if paid on or before the 10th of the following month from date of invoice.

Delivery

Title to the products sold hereunder shall pass upon delivery to the carrier at point of shipment. Freight will be prepaid (or allowed at our option) on shipments of 100 pounds or more of Portable Electric Tools to any point in Continental United States or Canada via the lowest routing by either rail or motor truck. Excess cost for specified routings will be charged to the customer. Transportation cost will not be prepaid or allowed via parcel post, express or for shipments less than the 100 pounds minimum weight.

Time of Delivery

We shall not be liable for failure or delay in delivery due to acts of God, differences with employees, fire, flood or other casualty, governmental regulations, shortages or failure of raw materials, supplies, fuel, power or transportation, breakdown of equipment, or any causes beyond our reasonable control, whether of similar or dissimilar nature than those enumerated.

Service from Warehouses

Warehouse stocks are maintained in Linden, New Jersey; Chicago, Illinois; Los Angeles, California; Dallas, Texas; and Cleveland, Ohio. Shipments from these stocks are subject to a very reasonable service charge. This charge will be quoted on request.

Warranty

Portable Electric Tools sold under the Millers Falls name are warranted free from imperfections and defects in material or workmanship. Our obligation under this warranty is expressly limited to the following: If any tool proves to be imperfect or defective under conditions of normal use, we agree to repair or replace the tool, if immediately returned to our factory at Greenfield, Massachusetts, or to an authorized service station, transportation charges prepaid. Under no circumstances, however, do we assume responsibility for breakage where flaws do not appear or for tools which have suffered from abusive treatment or which have been stamped with the owner's name, changed or experimented upon. No dealer is authorized to make replacements for us. This warranty is made in lieu of all other warranties, expressed or implied, and all other obligations on our part. We neither assume nor authorize any agent or other person to assume for us any further liability in connection with the sale of our tools.

Returned Goods

No goods are to be returned to us without authorization from our Sales Department at Greenfield, Massachusetts; if return is authorized, transportation charges are to be prepaid. We shall not be responsible for any goods returned to us without our authorization. Distributors must have permission for the return from the Sales Department at Greenfield. We must be advised of distributor's order number and date against which the goods were purchased. This is important in determining the credit to be allowed. We will not allow goods to be returned after one year from date of purchase. The goods must be in new saleable condition. If necessary to rebox or refinish in anyway — at least a 10% handling charge will be taken from the credit issued. We cannot accept the return of discontinued goods.

Taxes

If, under any law now or hereafter passed, we are required to pay or to collect a tax on sales, a use tax or an excise tax, the amount thereof will be added to the price.

General

All orders are accepted and all sales are made only on the terms and conditions of this price list, regardless of any terms or conditions which may be included in any request for quotations or in any order submitted by the buyer.

NOTE: 5% SERVICE CHARGE WILL BE ADDED TO ITEMS SHIPPED OR ORDERED IN LESS THAN STANDARD PACKAGED QUANTITIES
